

October 14, 2008

Dear Parents/Guardians,

To keep students up to date with current events and to expose them to more non-fiction reading, I have ordered a class subscription of *Time For Kids* magazine. Every couple of weeks students will be bringing home (to keep) various issues of this magazine. Sometimes the magazine will be used during lessons in class and other times it may be part of their homework. The cost for this subscription is **\$5.00 per student**. Please bring in this money in a sealed envelope as soon as possible so I can pay for this class subscription.

I encourage you to read and discuss the various articles in this magazine with your child. It will also serve as good test prep for the NYS ELA test since students will need to read and comprehend non-fiction passages for the exam.

Sincerely,

A handwritten signature in cursive script that reads "Jill Anderson".

Ms. Anderson
